EXPERIENCIA LABORAL

09/08/2023 – ACTUAL España

Senior Front engineer S4T

At the beginning, I worked on a clinical trials manager build with react in old versions (Pre hooks) Css3 and HTML5 for 6 months. After that I have been involved in the launch of a Site trial manager build with angular 17, Microfrontends with Nx. Here every develop in wrap with DDD architecture and clean code practices.

01/03/2022 – 09/08/2023 España

Senior Frontend engineer Empathy

- In Empathy I was involved in the result grid of Zara ecommerce and some other mechants from Inditex Group. There we used vue 2 and 3 (We migrate it 2 to 3 vue version) with typescript, css3 and html5. We used scrum frame work to mange the develop workflows.

01/07/2017 – ACTUAL Madrid, España

Senior Front-end developer Savia

- Front-end responsable (**three people in my team**)
- We are developing apps for public human resources on Spain.
- Skills: HTML5, CSS3, Sass, Js, Angularjs, Vuejs, Typescript, BEM, Jasmine, Karma, Mocha, Jest, Cypress, Postman

01/10/2016 – 30/06/2017 Madrid, España

Senior Front-end Developer Avansis

Client: Telefónica I+D
We developed a prototype of Movistar plus app, an hibrid application for Tv devices related to live streming videochats during the sport **broadcast**.
Skills: HTML, CSS3, JS (native)

01/06/2015 – 30/09/2016 Madrid, España

Senior Front-end developer Pasiona

Client: Microsoft España
I build a Windows 10 app simulator on web. In the context of a CMS web to build Windows 10 application and Windows Phone.
Skills: HTML5, JS, CSS3, TypeScript, knockoutjs, Jasmine

27/11/2014 – 30/05/2015 Madrid, España

Front-end developer Bloombees

Developing a web responsive application with HTML5, CSS3 y JQUERY.

06/09/2012 – 01/08/2014 Madrid, España

Front-End Developer GOWEX

When I fell in love with programming I had the great oppotunity to moving to development department were I could develop every skills that I learned. I left jquery plugins from other I made mines, and I developed my own javascript libraries. One day curiosity bit me and I started studying JAVA, because my new coworkers in my new department were JAVA developers. So now I'm studying a Master JAVA EE. Here I've worked in projects like: Chrome add-ons, my own css & js framework, a geolocation advertisen plataform...

11/11/2011 – 06/09/2012 Madrid, España

Layout Developer (HTML5 y CSS3) GOWEX

At the begining, I just work with HTML5 and CSS3 building several web sites like geolocation advertising portals, landing pages.... But I started studying

javascript, at the begining low level. But I fell in love with programming andI went on studying until I got the the highest javascript level, OOP.
